Evidence-based Practices

*Learning Labs, quick start, orientation style, asynchronous online learning opportunities for faculty with little or no online teaching or facilitation experience. Lead by teaching and learning experts at EDUCAUSE, labs are optional conference series activities which require pre-registration. Successful completion of each lab results in a digital micro-credential.

Every Learner Everywhere advocates for equitable outcomes in U.S. higher education through advances in digital learning. Our mission is to help institutions use new technology to innovate teaching and learning, with the ultimate goal of improving student outcomes for Black, Latinx, and Indigenous students, poverty-affected students, and first-generation students.
